The Company

The Company

Founded in 2010, Greeny has established itself as a leader in the environmental finance sector. We operate at the intersection of traditional finance and sustainable development, offering a unique blend of technical expertise and financial acumen.

Our firm is 100% Black-owned and managed, with a deep commitment to transformation and economic empowerment within the sectors we serve.

Notes

- Change **The Company** to **The Greeny Company**
- Please use following text under **The Greeny Company**:
  - Greenfields, also known more affectionately as Greeny, is an independent transaction advisory and economic development consultancy focus on driving sustainable infrastructure and industrial development across the African continent.
  - With a strong specialisation in infrastructure development and finance that brings together the skills and experience of our multinational team that has worked on transactions in excess of R800 billion across project and infrastructure finance, corporate advisory and public and private capital markets, we have built a reputation over the last decade on delivering innovative development and finance solutions for infrastructure and industrial projects.
  - Established over 10 years ago as a majority black women-owned and managed firm, and with a presence in a network of offices in Sub-Saharan Africa, we offer bespoke transaction advisory and support, with a “boots on ground approach” that provides you with local knowledge, culture and expertise.
